WIB - Community College Partnerships

Half-Day Pre-Conference Session

Saturday, March 6, 2010, 9:00 AM - 12:00 PM

Renaissance Washington DC Hotel

Presented by: Host Organization Representatives

The time for talk is over! For the benefit of America's workers and employers, WIBS and CCs have new responsibility and opportunity to engage in meaningful, mutually-beneficial, and sustainable partnerships. The introduction of America's Graduation Initiative (a.k.a. the community college bill), the pending reauthorization of WIA, and the nation's need for a labor force with access to life-long learning opportunities make such coordination imperative. This session will both present proven models for partnerships, such as California, and will also provide an opportunity for participants to dig into and resolve specific challenges you face in building strong partnerships. You will leave with tools and resources for you to use back in your regions.

This session is hosted by NAWB, the California Workforce Association, and the American Association of Community Colleges. Presenters will represent national, state, and local perspectives, expertise, and examples.
